<b>Glossary:</b>	

**wpc/wpi:** wraps per centimeter/wraps per inch. The higher the numbers the finer the yarn. Useful in calculating how much yarn would be needed for cloth weaving

**nm: new metric.** The second number defines the number of strands plied together. The first number defines the thickness of each strand. The higher the first number the finer the yarn.

## Worsted Yarns

weaversbazaar brings you fine worsted wool either as an undyed yarn or in a range of over 70 stock colours and three yarn weights. These strong, high twist 100% wool yarns are ideal for use in tapestry weaving, cloth weaving, embroidery, fine knitting, crochet, rug weaving or other textile work.

weaversbazaar dyed yarns are dyed

to upholstery grade colour fastness and the colours are reliably repeatable.

Undyed yarn is available in four yarn types and dyed yarn in three weights.

It is impossible to print an accurate representation of colours. We would strongly recommend using sample cards (page 5) alongside this catalogue in order to get a true feel for the available colour range. Samples are available by calling 0780 160 7286.

## Sample Card Sets Code 4000 : essential for getting a true representation

of the colours and thicknesses of weaversbazaar yarns. The samples contains multiple cards covering the full range of pre-dyed colours in the worsted yarns, the different types of worsted yarn in undyed format, warp yarn and nettle yarn **Each sample set: £4.50**

**More substantial samples of specific colours are available—just calls us on 0780 160 7286**

## Custom Dyed Yarn

In addition to our pre-dyed range, we can colour-match and custom dye any of our yarn weights for you. This service enables you to specify the exact colour you require. We work to samples of a required colour which may be in the form of an existing yarn, fabric, paint card, piece of plastic—the sample must be at least an inch square and of an even colour. The process takes about 6 -8 weeks to complete.

Minimum order of 5kg can be made up of more than one colour (min 1 kg per colour) to take advantage of the bulk discount. Prices are the same as our pre-dyed yarn

**£408.00 per 5kg. Each additional kg £81.60**

**Nettle yarns.** We have an exclusive range of nettle yarn, hand spun in Nepal and full of texture and character. This yarn is available either in its natural colour, or in an exclusive range of hand-dyed colours. Due to the hand-crafted nature of these yarns, the thickness and the colours are variable—something that adds a further dimension to their value in textile arts. **Nettle Collection Code W1025:**
